WHEN FOOD DOESN'T DIGEST

Give the Stomach a Rational Rest by Proper Aid, Not Harsh, Irritating Methods. Use Stuart's Dyspepsia Tablets.

A sour stomach may indicate an acid condition that calls for an alkaline effect. This you will get from one or two

Stuart's Dyspepsia Tablets after a meal. Sour risings, gasiness, a heavy bloated feeling and such distress due to indigestion or dyspepsia are usually only temporary. And yet they may lead to serious disorder. The regular use of Stuart's Dyspepsia Tablets after meals—adds to a high degree the intelligent selection of preventative measures. One cannot always select or inspect the quality of food to be eaten nor its method or manner of preparation. But it is possible to avoid the acidity that is so often the result. And it is a far better plan to eat without worry over what may happen, than to worry for fear it will happen. Many physicians recommend these tablets for stomach distress due to indigestion or dyspepsia. They are sold by all druggists everywhere at 50 cents a box—adv.

DOCTORS FAVOR NEW TASTELESS CASTOR OIL

New Process Makes Castor Oil Absolutely Tasteless

Doctors have always prescribed castor oil when a real laxative is needed, and all mothers know how much trouble it is to get children to take it. There need be no more trouble, for doctors are now recommending Kellogg's Tasteless Castor Oil, from which absolutely all nauseating taste has been removed. Children take it readily. They need not even know it is castor oil. This splendid new form of the good old family remedy is the result of a remarkable process perfected by the chemists of Spencer Kellogg & Sons, Inc. In strength and purity Kellogg's Tasteless Castor Oil is exactly the same as the old-fashioned disagreeable kind. Nothing has been removed but the taste. Do not accept substitutes. If you want a really tasteless castor oil. At all good druggists. Two sizes, 35c and 65c—Adv.

when Mrs. J. Borden Harriman and Miss Julia Landers of Indianapolis spoke. It was a Cox-Roosevelt meeting and the chief subject for the discussion was the League of Nations covenant and why it should be supported. Mrs. Harriman is a particularly good speaker, a woman with a well rounded experience and an authoritative knowledge on the affairs of the day. Miss Landers is a convincing talker and spoke with unusual frankness of the political situation of the day as she saw it.

The reception given at the Methodist church last evening as a farewell for Dr. and Mrs. Bassett was attended by over two hundred friends and church members. There was a good program and interesting speeches. In conclusion refreshments were served.

WHATEVER YOU DO DON'T NEGLECT YOUR EYES, SAYS DR. LEWIS, WHO TELLS HOW TO STRENGTHEN EYESIGHT 50% IN ONE WEEK'S TIME IN MANY INSTANCES

A Free Prescription You Can Have Filled and Use at Home

Philadelphia, Pa.—Do you wear glasses? Are you a victim of eye strain or other eye weakness? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. He says neglect causes more eye troubles and poor sight than any other one thing. Many whose eyes were failing say they had their eyes restored through the principle of this wonderful free prescription. One man says after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me."

A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seemed clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitude more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eyes two or four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.

NOTE: Another prominent physician to whom the above article was submitted said: "Bon-Opto is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them." The manufacturers guarantee it to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It can be obtained from any good druggist and is one of the very few preparations I feel should be kept on hand for regular use in almost every family. It is sold in this city by all leading druggists, including Summer's Drug Store—adv.
